HEALTHCARE CAREER

GUIDE

**// ARE YOU
SWITCHING
CAREERS FROM
ANOTHER FIELD TO
HEALTHCARE?**

**//ARE YOU
EXPLORING A
HEALTHCARE
CAREER PATH AT
AMERICATION
CAREER &
TRAINING
SCHOOL?**

**//THERE
ARE
SEVERAL
OPTIONS
TO START
WITH.**

PROGRAMS IN HEALTHCARE

- Medical Assistant
- Patient Care Technician
- Phlebotomy Technician
- EKG Technician
- EKG & Phlebotomy Technician
- Medical Billing and Coding
- Pharmacy Technician
- Medical Administrative Assistant and more.

HEALTHCARE PROGRAMS

**//FIRST,
YOU NEED
TO KNOW
WHAT
OTHER
STUDENTS
DO?**

MAJORITY of the students inquiring or enrolling, first look at the tuition fee as the main factor when making their decision. As per our experience, students do not want to enroll into programs that are more than \$5000. On an average the students are willing to only spend **\$4000** for an allied healthcare program.

NEXT, students enroll into a program that is **indemand** in the healthcare field at an entry level.

FINALLY, students make their decision based on the skills they will learn in the program. **Single skill vs multiple skills.**

ask yourself

**//WHAT
DO I
DO
NEXT?**

If you looking for a program that is within the **\$4000** tuition fee range, then you have several options to choose from;

- Medical Assistant
- Patient Care Technician
- Phlebotomy Technician
- EKG Technician
- EKG & Phlebotomy Technician
- Medical Billing and Coding
- Pharmacy Technician
- Medical Administrative Assistant and more.

choose the program

**// WHICH
PROGRAM
DO I ENROLL
INTO AT
AMERICATION?**

Our recommendation is that if you are starting out in the healthcare field for the first time, you should try any one program out the following:

- Medical Assistant (multiple skill)
- Patient Care Technician (multiple skill)
- Phlebotomy Technician (single skill)
- EKG & Phlebotomy Technician (multiple skill)

Please note, you can upgrade from one program to another.

ask yourself

**// TUITION
FEE AS THE
DECIDING
FACTOR?**

**IF YOUR
BUDGET IS**

PROGRAM OPTIONS TO SELECT

Under \$1000

- Phlebotomy Technician
or
- EKG Technician

Under \$2000

- EKG & Phlebotomy Technician

Under \$3500

- Patient Care Technician
or
- Pharmacy Technician
or
- Medical Billing and Coding
or
- Medical Admin Assistant

\$4000

- Medical Assistant
or
- Patient Care Technician

ask yourself

//WHERE DO THESE PROFESSIONALS WORK?

OVERVIEW OF WHERE THESE PROFESIONALS MAY WORK.

01

HOSPITALS
(State, Local, VA and Private)

- 1. Medical Assistant

ONCAMPUS

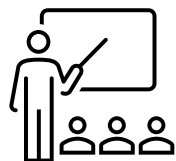

HYBRID

ONLINE

01 ONCAMPUS

OPTION

Option "01" is oncampus classes. Student will be expected to attend 100% of the classes on campus to complete the coursework requirements of the program in which the student is enrolled. All exams and assessments are 100% oncampus via traditional classroom teaching with face to face meeting in person.

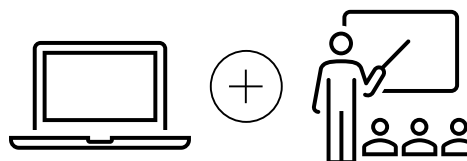

- ✓ 100% Oncampus
- ✓ Face to Face Attendance
- ✓ Instructor Led
- ✓ Active Learning

02 HYBRID

OPTION

Option "02" is a blend or a combination of oncampus and online. Student will be required to complete the theory portion of their classes online and attend the campus for the hands on (clinical skills) portion to fulfill the requirement of program completion. Clinical Skills portion must be scheduled with an instructor prior to visiting the campus.

- ✓ Theory Online
- ✓ Clinicals Oncampus
- ✓ Blended Learning of Both
- ✓ Instructor Led & Self Pace

03 ONLINE

OPTION

Option "03" is online classes. Student will be expected to attend 100% of the classes online to complete the coursework requirements of the program in which the student is enrolled. The online programs are designed to meet the needs of busy individuals that are unable to attend regular classes due to professional work or personal obligations.

- ✓ 100% Online
- ✓ Online Attendance
- ✓ Self Pace
- ✓ Active & Passive Learning
